University-wide electives for incoming exchange students

spring semester 2014

Students who wish to take classes outside of the school to which they are coming on exchange are advised to select from the courses below. These courses can be taken without previous knowledge in the field. For more information on dates, times, ECTS and course content, please check in the course catalogue under the respective school/department. Should you have questions on course selection, please contact the respective faculty exchange coordinator.
