ENGAGE.EU Alliance

Bergen Meeting on the future of ENGAGE.EU

What are the future plans and perspectives of the European University? At a presence meeting at the NHH Norwegian School of Economics, developing the strategic direction of ENGAGE.EU was the main focus. [Read more](#)

PhD Workshop in Toulouse

Young researchers from the ENGAGE.EU alliance were guests at the Université Toulouse Capitole to present their research topics and expand networks during a two-day workshop. Emma van den Terrell, a PhD student from Mannheim, and Prof. Dr. Ebbinghaus, who accompanied the participants as a mentor, report on their experiences. [Read more](#)

Think Tank in Toulouse

After a successful launch at the University of Mannheim last year, the second edition of the ENGAGE.EU Think Tank took place at the Université Toulouse Capitole. The event provided a platform for 15 researchers to exchange ideas and deepen their expertise on gender inequality. [Read more](#)

Early Stage Conference in Sofia

Young scientists met at a two-day conference at the University of National and World Economy in Sofia. A total of 19 papers were presented on the topic of "Decent Work and Economic Growth". [Read more](#)

ENGAGE.EU Community

Digital Research Platform

The research collaboration platform is an international and interdisciplinary offering of the 9 ENGAGE.EU partner universities. Researchers can create an account to stay up to date on interesting research opportunities, network, share articles and much more. [Read more](#)

Science Communication Workshop

In this three-day program, PhD students will gain valuable insights and practical tips on communicating complex scientific concepts to different target groups. The workshop will take place from 25 to 27 September at WU in Vienna. Applications are open until 15 July 2023 via www.engageuniversity.eu/science-communication-workshop.

Learners

Students shape the future of Europe

The Mannheim student David Avagian took part in the European Student Assembly in Strasbourg. The European University Alliances also presented their activities and provided information about their offerings. In a report, Avagian describes what it was like to be able to influence current political issues and how students perceive the alliances. [Read more](#)

Expedition Week in Vienna

How can social housing be made more inclusive and collaborative? Mannheim student Kian Farahza tackled these and other questions at the Expedition Week in Vienna on the topic of inequalities. [Read more](#)

Online Exchange Initiative

The application phase for the Online Exchange Initiative runs until 1 July. WU student Marcello Alexander Gundolf explains in an interview why it is worthwhile to participate. [Read more](#)
