

Invitation and Call for Abstracts for the 1st SCM @ ENGAGE.EU Research Workshop on Sustainability

We are delighted to officially invite you to our workshop, which **will take place at the University of Mannheim from 10 July 2025 (9:00) to 11 July 2025 (approx. 14:30)**.

The thematic focus of the workshop will be on the **multidimensionality of sustainability**. We aim to explore and discuss the various perspectives and approaches on how sustainability challenges are addressed within our Supply Chain Community, shedding light on the many facets of sustainability. Through discussions and workshop sessions, we hope to identify new research questions, solution approaches, and opportunities for future collaboration within the ENGAGE.EU (supply chain) community.

The workshop will also provide a platform for early-stage researchers to present their current projects, engage in discussions, and receive valuable feedback from peers and senior researchers from within the ENGAGE.EU community.

In the following, we summarized the **key dates** of the workshop:

- **Registration and abstract submission deadline:** 6 April 2025 (End of Day)
