CDSB Award for Interdisciplinarity

The CDSB grants awards for outstanding performances and innovative projects of doctoral students in business that foster interdisciplinarity. The award amounts to up to 1,000.00 Euros*.

Eligible are papers authored by at least one CDSB student, combining concepts from different disciplines (e.g. psychology and management). We especially encourage authors who collaborated across different CDSB programs or GESS centers to apply.

The CDSB Academic Director together with members of the Admission and Examination Committee judge the most outstanding original research article based on scientific excellence. The prize will be presented during the annual GESS Welcome event. Please note that the CDSB Award for Interdisciplinarity is only awarded if the quality of submissions meets the committee's expectations.

Please submit the paper that you wish to be considered for the award by sending an email to cdsb.gess@uni-mannheim.de. In addition, please submit a short text (200-400 words) explaining the interdisciplinary nature of the paper.

Application deadline: **1 October 2026**

* Prize money will not be paid out but used for funding towards dissertation research related expenses such as conference participation, data acquisition, etc. according to university regulations.
