Welcome!

Your responses to this survey will help us guide the development of future IPSDS courses as well as of the entire program. Your responses will be kept confidential, will not be shared with the IPSDS faculty on an individual basis, and will have no influence on your grade in any of the IPSDS courses. The results from this survey will only be presented in aggregate form.

This survey is expected to only take approximately 7 minutes to complete.

We greatly appreciate your willingness to share your time.

Sincerely,

Zhenya Samoilova

As a part of the project, we would like to assess IPSDS' offerings and provide input to guide the further development. In this research study, we are investigating various aspects of your learning experiences such as, for example, instructor-learner interaction, factors influencing engagement, and gender specific barriers.

During 2018, you will be asked to take part in a number of surveys and qualitative interviews. Your responses will be linked to your grade records and learning analytics

data (via using an assigned ID). Your responses will be kept confidential, will not be shared with the IPSDS faculty on an individual basis, and will have no influence on your grade in any of the IPSDS courses.

We greatly appreciate your willingness to share your time by participating in our project.
