ABOUT

The ENGAGE.EU Summer School is an intensive, two-week undergraduate summer programme taught by professors and lecturers from ENGAGE.EU universities. In line with the general ENGAGE.EU goals, the programme aims to provide a forum for interdisciplinary academic exchange and learning on current societal challenges. It aims at equipping students with hard and soft skills needed to tackle these challenges and act as responsible future leaders. Students from all ENGAGE.EU partner universities have the chance to actively participate in this summer programme. Additionally, a social programme is offered to foster networking opportunities.

ACADEMIC PROGRAMME

The goal of the Summer School is to equip students with the knowledge, skills, and interdisciplinary perspectives needed to envision, design, and implement sustainable solutions tailored to Europe's unique environmental, social, and economic contexts. The following course topics will be discussed:

- Equality, Diversity and Inclusion in Organizations;
- Reducing Inequality Through Inclusive Policies and Sustainable Practices;
- Corporate Decarbonization and Emerging Climate Technologies;
- Impact meets Profit: Marketing the organizational purpose for sustainable futures.

Class sessions will take place from Monday to Friday morning of each week (two 90-minute class sessions per day). There will be also workshops in the afternoons with the lecturers and experts in the field.

Every student who completes the programme will receive a certificate for 5 ECTS credits

YOUR PROFILE

This ENGAGE.EU Summer School is targeted toward students of any citizenship who are enrolled in an undergraduate study programme (Bachelor's programme) at one of the ENGAGE.EU alliance partner universities and have completed at least 60 ECTS credits by the time of application to the summer school.

ADDITIONAL ACTIVITIES

In addition to the academic component, the participants will have the opportunity to practically engage with the topic of the summer school by attending expert lectures by guest speakers. The course programme and practical experiences will be complemented by a mix of social, cultural, and international events, including various opportunities to network with students from other countries and explore Sofia, the capital of Bulgaria, and other beautiful places in the country.

HOW TO APPLY

To apply for the ENGAGE.EU Summer School you should provide:

- Completed [form on website](#)
- Motivation statement
- Academic records

Application deadline is March 16, 2025.

PRACTICAL INFORMATION

- Lunches: Provided by the hosting university from Monday to Friday free of charge.
- Ceremonies: There will be an opening ceremony at the start of the programme and a closing ceremony to conclude the event.
- Accommodation: Accommodation is not included in the programme. However, the hosting university will provide a list of recommended accommodation options. Students are free to choose their accommodation independently and are not bound to these suggestions.

Nominated students may be eligible to receive ERASMUS+ financial support from their home universities. Please contact your coordinator to learn more about this.
