## 1. Course Evaluation

- 1.15) What did you especially like about the course?
- Presentations, Time for question/discussions
- Prof. Maug is a very good lecturer. His teaching style is excellent.
- 1.16) What could/should be improved?
- Sometimes it would be good to provide a brief overview on different research questions asked in a particular field (instead of "only" discussing two to three milestone papers). For instance, at the end of each day, one could spend some time on discussing future potential research projects in the particular field.
