

Vacancy:

Student Assistants (m/f/d) at the Chair of Finance (20-30 hours per month, starting in January/February/March 2023)

We are looking for students studying Business Administration or Economics (preferably master students) with (very) good academic performance. Your areas of responsibility are to support the chair team in its research and teaching activities, as well as to fulfill tasks in the technical and organizational field of the chair.

Our chair conducts research in “Market Microstructure”, “Empirical Asset Pricing”, and “Block-chain Applications & Cryptocurrencies”. We offer a diverse range of tasks and insights into teaching and research activities of our strongly empirical-oriented team. Your working hours are coordinated in accordance with the requirements of your study program.

What you can expect:

- Working with financial databases (Datastream, WRDS, Morningstar, Factiva)
- Data management and analysis using statistical software
- Assisting with preparation of lecture notes and course material
- Helping with literature search

What we expect:

- Ability to work independently
- High level of motivation and reliability
- Good command of English
- High proficiency in MS-Office (esp. Excel and Power-Point)
- Knowledge of Bloomberg, DataStream, Stata, VBA, Python etc. is advantageous
- Minimum term until end of September 2023; **longer availability is advantageous**

Did we spark your interest?

Please e-mail your application with the usual documents (letter of motivation, CV, certificates, transcript of records, etc.) in a single pdf-file by November 21st, 2022 at the latest to Ms. Hongting Jiang (hjiang@mail.uni-mannheim.de).

Data protection: Please note that data transmitted via unencrypted email communication may be subject to unauthorized access by third parties and confidentiality cannot be guaranteed. Information regarding the collection and processing of personal data according to article 13 of the GDPR is provided on the website of the University of Mannheim under "Employment Opportunities". Submitted documents will only be returned if the application includes an envelope with sufficient postage. Otherwise, the documents will be destroyed in accordance with the data protection law after the application process is completed. Electronic applications will be deleted accordingly.
