The Chair of English Linguistics/Psycholinguistics (AI) at the University of Mannheim (Germany) search a

**Post-Doctoral Researcher and Lecturer in Psycholinguistics (m/f/d)**

*(100% / TV L 13)*

invites applications for a 3-year post-doctoral position with the possibility of extension for up to three more years. The position includes teaching and research responsibilities. It provides the candidate with the opportunity to pursue their own research program. The chair offers basic financial support and a supportive infrastructure to carry out research, including a state-of-the-art lab with stationary and mobile eye-tracking systems and a mobile EEG system.

The successful candidate will have a strong research record, appropriate to the stage of their career, and a forward-looking research program with the potential to attract external funding. The program should align with our research focus on language acquisition and language processing using experimental and quantitative methods. The candidate will also contribute to the development of the child language learning lab (PI: Prof. Dr. Altvater-Mackensen) and strengthen the neurocognitive expertise of the Chair. We are therefore looking for a researcher who has experience in eye tracking and EEG data acquisition/analysis and good knowledge of quantitative statistical methods.

The teaching load associated with the position includes two 90-minute seminar courses in each 14-week semester in core areas of English linguistics, psycholinguistics and/or applied linguistics. The candidate is further expected to co-supervise BA and MA theses. All teaching will be in English. Fluency in German is an advantage but not essential.

The salary is ~€50,000 to €70,000 per annum, depending on experience. The starting time will be December 1st, 2022, or as soon thereafter as possible.

The University of Mannheim is an equal opportunity employer and particularly encourages applications from women and persons with disabilities.

Informal inquiries about the position can be directed to Nicole Altvater-Mackensen at altvater-mackensen@uni-mannheim.de. For application, please submit one pdf document containing a letter of motivation, a recent CV, a brief statement of research interests and/or description of planned research (1 page), one representative publication, a record of teaching including teaching evaluations, and the contact information of two academic referees.

Applications can be sent via email to the Chair’s secretary Petra Schellenberger at petra.schellenberger@uni-mannheim.de. Applications received by October 17, 2022 will receive full consideration, although interviews may start at any time and will continue until the position has been filled. When applying by email, please be aware that breach of confidentiality and unauthorized access by a third party cannot be excluded for a communication without encryption.

The submitted paper documents will be sent back only if a stamped addressed envelope is enclosed. Otherwise, they will be destroyed after completion of the application procedure according to the laws of data protection. Electronic applications will be deleted appropriately. Information on the processing of personal data according to article 13 of the GDPR is provided on the Universities website, section “Employment Opportunities”: https://www.uni-mannheim.de/universitaet/stellenanzeigen/datenschutz-bei-bewerbungen
