In a joint appointment process, the Department of Economics at the School of Law and Economics at the University of Mannheim and the ZEW – Leibniz Centre for European Economic Research in Mannheim are looking to fill the position of Professor of Economics, Empirical Environmental Economics (W2), limited to a period of six years, at the earliest possible date. The limitation of the employment relationship is based on § 50 para. 2 p. 1 no. 3 and no. 4 of the Landeshochschulgesetz (LHG) of Baden-Württemberg. Parallel to the professorship at the University of Mannheim, the selected candidate will be granted leave to take up a management position at the ZEW – Leibniz Centre for European Economic Research in Mannheim.

We are looking for an individual who, thanks to his/her outstanding scientific qualifications, should be capable of strengthening the competencies of the institutions involved in empirical environmental economics, especially in policy-relevant fields such as the valuation of environmental amenities and the evaluation of policy measures based on administrative firm data.

The successful candidate is expected to conduct research at ZEW in the above-mentioned field. Furthermore, he or she will be primarily responsible for third-party fundraising and work on third-party funded projects. He or she should have experience in policy-advising and be able to manage a research team. Fluency in German and English is required. The successful candidate will be expected to teach for two hours a week during the semester at the Department of Economics at the University of Mannheim.

The appointment requirements are in accordance with § 47 of the LHG. Application requirements include a completed university degree, an aptitude for teaching, a doctorate as well as additional academic achievements, proof of which can be given by either a post-doctoral qualification or equivalent academic achievements from work conducted outside of the university sector. The successful candidate will be appointed as a temporary civil servant if all prerequisites are met.

The University of Mannheim and ZEW are seeking to increase the number of women in research and academia and would therefore particularly like to encourage female academics with the appropriate qualifications to apply. Disabled candidates with suitable qualifications will be given priority.

Applications shall be sent via post or via e-mail to jobmkt@uni-mannheim.de no later than 30.06.2020 and should be addressed to the spokesperson of the Department of Economics at the University of Mannheim, Prof. Dr. Hans Peter Grüner, D-68131 Mannheim, Germany.

Professor Ulrich Wagner, Ph.D. (wagner@uni-mannheim.de) is available for any inquiries concerning the position.
