Open Position: Assistant Professorship (W1 without Tenure Track) for Technological Innovation and Management Science.

The University of Mannheim, Business School has an opening for the next possible date for an Assistant Professorship (W1 without Tenure Track) for Technological Innovation and Management Science.

The W1 assistant professorship is based in the Area Management and in particular at the chair of Organization and Innovation. Within the Area exists an intensive cooperation in research and practice. The holder of the assistant professorship should be specialized in the research field of Technology Innovation and Management and possess methodological expertise in the area of data science.

Applicants should have an internationally proven track record in the research field, whereby particular importance is attached to methodological excellence. Experience in the acquisition of third-party funding as well as an established international network in the aforementioned field is desirable. Further, the capability and willingness to teach in German and English is expected, especially regarding the topics Innovation & Technology Management and Organization in the Mannheim Master in Management.

Applicants have to meet the requirements of § 51 section 2 and 3 LHG of the state of Baden-Württemberg. Aside from holding a university degree and an excellent doctoral degree, pedagogical aptitude and the competency for holding an assistant professorship, proven by scientific achievements, are expected.

The appointment will initially be for a period of three or four years, provided that all prerequisites of a temporary civil servant are met. In case of a positive evaluation, the professorship will be extended to a total of six years in accordance with the legal regulations (§ 51 sec. 7 and 8 LHG).

The University of Mannheim places great emphasis on the training and mentoring of students and therefore expects strong presence of its faculty. Consequently, the successful candidate is expected to be willing to move to Mannheim or the larger metropolitan area.

The University of Mannheim seeks to increase the percentage of its female faculty members in research and teaching. Thus, qualified women are especially encouraged to apply. Severely disabled applicants and women with equal qualification and aptitude for the position will be considered first.

Interested candidates should send their application including supporting documents until November 5, 2018 via e-mail or mail to the following address:

Universität Mannheim
Dekan der Fakultät für Betriebswirtschaftslehre
Herrn Prof. Dr. Dieter Truxius
68131 Mannheim
