2.1 GENERAL INFORMATION ON ADMISSION REQUIREMENTS AND SELECTION CRITERIA

Admission requirements of each master’s program can be found in the Selection Statutes which can be downloaded on the following website:

http://bewerbung.uni-mannheim.de/english/study_programmes_selection_criteria/index.html

For all of the master’s programs you need to apply in due time and form.

2.1.1 Information for applicants from certain countries

Applicants from Chinese and Vietnamese universities additionally require the original Certificate of the Academic Test Centre (APS-Zertifikat). Contacts: German Embassy in Beijing (www.aps.org.cn) or the German Embassy in Hanoi (www.hanoi.diplo.de).

Applicants having passed their degree in one of the GUS States as well as Georgia, additionally require a proof of the accreditation of the degree program, if it was passed at a private university/higher education institution.

Applicants having passed their degree at a private university/higher education institution in Albania require a degree certificate and diploma supplement (Suplementi i Diplomës) in Albanian language as well as in English/German language.

Applicants who studied at a university in Pakistan need to have their documents attested by the Higher Education Commission Pakistan (HEC Pakistan). That means transcripts as well as degree certificates need to bear the HEC Attestation Stamp.

2.2 BACHELOR’S DEGREE NOT YET COMPLETED

If you have not yet completed your bachelor’s degree within the application period, you may still apply for a master’s program. However, you need to have successfully completed a certain amount of ECTS credits as stated in the selection statutes. To prove the number of ECTS, please upload a current Transcript of Records (official transcripts only, no screenshots from online portals).

Please note: If the bachelor’s degree has not been completed by the end of the application period, admission to a master’s program is preliminary as you have to submit your bachelor’s degree certificate to the University of Mannheim before the first registration for an exam. If you do not provide this document in due time, your admission to the master’s program will be rescinded.

3. THE APPLICATION PROCESS OF THE UNIVERSITY OF MANNHEIM

Due to the Coronavirus Pandemic the University of Mannheim offers an online application only.

As part of the online application, you will be asked to upload several documents to prove admission requirements as well as the corresponding selection criteria.

However, you will be asked to provide the original documents or notarized documents during the process of enrollment.

In order to apply, please use the online application portal of the University of Mannheim: http://www.uni-mannheim.de/application

On this website, you also find information about all programs at the University of Mannheim as well as the curriculum of various programs and the respective requirements.

Furthermore, our website offers information on everything regarding application and enrollment. Most questions should be covered. However, if questions arise, please do not hesitate to contact us: application@uni-mannheim.de

3.1 DOCUMENTS TO SUBMIT

The online application is obligatory for each master’s program.

After entering all data and uploading the required documents online, you are asked to confirm the declaration in lieu of an oath. With confirming the declaration in lieu of an oath, your application will be transferred to us and can participate in the selection procedure. The data control sheet for admission is only for you to check the correctness of the dates you stated in the online application form.

PLEASE NOTE: Due to the current situation, we are not able to inform you if documents are missing. Therefore, please pay attention on the required documents.

The following upload fields are available for all master’s programs:

Upload 1) University Entrance Qualification
Upload 2) Certificate of Enrollment
Upload 3) Curriculum Vitae / CV
Upload 4) Transcript of Records and Degree Certificates
Upload 5) Language certificates and proof of semester spent abroad
Upload 6) Proof of extracurricular activities
Upload 7) Special Applications

Some master’s programs require additional documents such as essays and motivation letters. For more detailed information on those additional documents, please check the corresponding table under point 2.4 of this master guide. These additional documents are highlighted in yellow.

Furthermore, within the questionnaire for each Master’s program, you will be asked to upload the module catalog of your bachelor’s degree or state the website where the module catalog can be found.
Please note: Foreign documents can only be accepted in either German or English. If your documents are in another language, a translation into German or English is necessary. All records and transcripts of records need to be translated by a sworn translator. The module catalog, plan of studies and the examination regulations can be translated by any other person, if your university testifies the correctness by an official stamp and signature.

Please find below an overview on which documents should be uploaded in detail:

### 3.1.1. University Entrance Qualification (Upload 1)

The University Entrance Qualification is a diploma/leaving certificate that allows/allowed you to start your bachelor’s degree course at university (e.g. high school diploma, attestat, baccalaureat, bachillerato, general certificate of education, etc.).

Applicants with a University Entrance Qualification acquired abroad require additionally a translation of the University Entrance Qualification in either German or English. Educational credentials need to be translated by a sworn translator.

Applicants who needed to pass a university entrance exam are asked to provide this document, too.

Applicants who obtained their university entrance qualification or degree in China or Vietnam, must also provide the APS Certificate issued by the Academic Evaluation Center (Akademische Prüfstelle) in the corresponding country.

### 3.1.2. Certificate of Enrollment (Upload 2)

The enrollment certificate contains your personal data, and indicates your degree program, the number of subject-specific semesters you have completed, and the number of semesters you have been enrolled at a German higher education institution.

This document is only required if you’ve already studied at a German higher education institution in Germany.

### 3.1.3. Curriculum Vitae / CV (Upload 3)

Please upload a current CV in tabular form.

### 3.1.4. Transcript of Records and Degree Certificates (Upload 4)

Please upload the following documents:

Transcript of records and degree certificate
Please upload the most recent transcript of records and degree certificate (if available) of your bachelor’s degree and if applicable also of your master’s degree. Please note, that only official Transcripts of Records can be considered. Screenshots from online portals cannot be accepted.
Translation
Applicants with a degree acquired abroad require additionally a translation of the transcript of records, degree certificates and other additional documents in either German or English. Educational credentials need to be translated by a sworn translator.
Please note: If your former university issues the documents in English, a translation is not required in addition.

Grading System
Applicants with a university degree from outside of Germany have to upload information about the grading system of their degree. This information can be either be included on the transcript or has to be officially confirmed by the respective university. The following information is required:
1. highest possible grade in the grading system,
2. the minimum passing grade for graduation,
3. the current GPA (if available).

Additional Documents only necessary for certain countries
Applicants having passed their degree in one of the GUS States as well as Georgia, additionally require proof of the accreditation of the degree program, if it was passed at a private university/higher education institution.
Applicants having passed their degree at a private university/higher education institution in Albania require a degree certificate and diploma supplement (Suplementi i Diplomës) in Albanian language as well as in English/German language.
Applicants who studied at a university in Pakistan need to have their documents attested by the Higher Education Commission Pakistan (HEC Pakistan). That means transcripts as well as degree certificates need to bear the HEC Attestation Stamp.

Certificate of non objection
The Certificate of non objection is an official document from your current German higher education institution which confirms that you are still eligible to take the exams in the degree program.
This document is only required if you have previously been enrolled at a higher education institution in Germany and are applying for a spot in the first or advanced semester of a similar degree program.

3.1.5. Language Certificates and proof of semester spent abroad (Upload 5)

Language Certificate
Please upload – if available – proof of good knowledge in the required language with required minimum results depending on the study program for which you are applying (see statutes of selection).

German language certificate
If you are applying for a German taught program, please upload proof that your proficiency in German is equivalent to at least level C1 (Goethe Zertifikat C2) of the common European Framework of Reference for Languages (CEFR). Information on certificates that can be accepted can be found here – https://www.unimannheim.de/media/Universitaet/Dokumente/Dokumente_Zula/Nachweis_Deutschkenntnisse_C1_en.pdf
Semester spent abroad (only if applicable)
Please upload – if available – proof of a semester spent abroad (e.g. transcript of records).

3.1.6. Proof of extracurricular activities (Upload 6)

In addition to the mandatory admission requirements, other factors are taken into account in the admissions process for most programs which can increase your chances of being allocated a study place. These selection criteria vary depending on the program you are applying for. Examples include the completion of relevant internships and work experience or awards.

If you passed extracurricular activities that could be considered for your application, you need to upload documents which prove your activities and qualifications. You may use the form “Template Extracurricular Activities” which can be found on the website www.bewerbung.uni-mannheim.de for download. Of course, you may also send in records or proofs that you already have obtained by e.g. companies. Your documents of proof must contain the following information: the start and end dates of the activity, the type of activity, preferable containing a detailed description of your tasks, employer’s details, and a stamp or signature from the company. Please note that we cannot accept certificates in advance and contracts as they do not prove that you have actually started or completed your occupation.

3.1.7. Special Applications (Upload 7)

**Hardship Exemptions**

If you are either bound to the city of Mannheim, or if a further delay in beginning your studies cannot be accepted (e.g. due to health problems, family circumstances or economic reasons) you may apply for a hardship exemption. In this case, please upload a letter as well as official proof, like medical reports or official certificates.

Supporting documents for a hardship case application need to have arrived at the Admissions Office by the end of the application period.

**Connected to a location in the public’s interest**

Applicants who are connected to a location in the public’s interest are asked to upload corresponding proof. One percent of study places are allocated to students in this situation (e.g. top athletes).

3.2 CONFIRMATION ON RECEIPT

You have a personal account on the application portal. Once you have logged in, you can check the status of your application. In order to do so, please go to “Application Management” and click on “Status” next to the application number.
3.3 EXTENDED DEADLINES

In general, delayed documents have to arrive before the deadline of the application period. However, some Selection Statutes offer extended deadlines for some documents. These are:

If you intend to pass a language test, you have to upload the result either during the online application or send it later on - within the respective deadline – via email. If you want to pass a TOEFL iBT and want the institution to send the result to the University of Mannheim, please use the Institution Code "0254".

Afterwards, you will receive an e-mail containing the log in data for myUniMA – an online portal that offers you all necessary information to enrol. Furthermore, it lists information on visa as well as on accommodation.

3.8 EXCLUSION FROM THE ADMISSIONS PROCESS

Please note: An application has to be excluded from the admissions process, if you do not respect the deadlines, or if you do not submit all (!) required documents in due time and form (section 5 paragraph 1 Act on the Awarding of University Places of the Land of Baden-Württemberg). In case of trials concerning selective degree courses, the University of Mannheim reserves the right to be represented by a lawyer.

In order to take part in this procedure, you are required to apply separately (detailed information on due time and form are to be found below).

Please note: Prospect students who have already applied regularly have to apply separately in order to be considered! You do not automatically take part in the allocation by lottery draw!

Applications for this procedure for master’s programs have to be submitted probably by email until 15th August for the fall semester and until 1st February for the spring semester (provided that admissions for the spring semester are possible).

### 4. FURTHER INFORMATION

#### 4.1 SEMESTER FEES

If you wish to enroll at the University of Mannheim, you have to pay the semester contribution (about EUR 190.-) for administration costs, Studierendenwerk and the fee for the Student Body Representative Committee.

More information on the semester fee can be found in the enrollment documents.

Please note: For the Master of Comparative Business Law additional costs will arise. For more information, please contact the departmental advisory service (see point: 1.5).

#### 4.2 TUITION FEES

**Important notice:** starting from fall semester 2017 the Federal State of Baden-Württemberg has implemented tuition fees.

The tuition fees affect all international students who are about to study in Germany at one of the universities in Baden-Württemberg. The tuition fee amounts to EUR 1,500 per semester. Students who are already enrolled at one of the universities in Baden-Württemberg will not have to pay the tuition fee and will be able to graduate in their aspired degree program at their current university under the current conditions (retention of acquired rights).

This change does not apply to students who are EU citizens or citizens of a member state of the European Economic Area (EEA) as well as to refugees. Moreover, this change neither affects foreign students who
hold a German university entrance qualification (e.g. Abitur) nor students with established living conditions in Germany.

Students from the EU and the EEA member states and German citizens or foreign students with a German university entrance qualification, who already hold a German bachelor’s or German master’s degree, have to pay tuition fees when gaining their second degree of the same level. This fee amounts to EUR 650.
