1. GENERAL INFORMATION ON THE ADMISSIONS PROCESS

1.1 ADMISSION REQUIREMENTS

The University of Mannheim operates its own selection processes for graduate programs. In principle, master’s programs are consecutive, which means they require a corresponding bachelor’s degree as defined by the Statutes of Selection. The bachelor’s degree program could be passed either at a university in Germany or at a university abroad as well as at a “Berufsakademie” (public university of cooperative education) or a university of applied sciences.

1.2 SELECTIVE ADMISSION

All master’s programs at the University of Mannheim are selective, except the following master’s programs: Master in Comparative Business Law, Master in Culture and Economy: History, Master in Culture and Economy: French Studies, Master in Culture and Economy: Hispanic Studies, Master in Culture and Economy: Italian Studies, Master in Culture and Economy: Philosophy, Master of Education Mathematics and Italian. However, the online application is obligatory for all programs.

1.3 APPLICATION FORM FOR ADMISSION

In the application process for the master’s programs, you are allowed to submit up to three applications. All applications are treated equally. Please take note of the different admission requirements and selection criteria of the master’s programs.

1.4 MASTER’S PROGRAMS AND DEADLINES FOR APPLICATION

2. ADMISSION REQUIREMENTS & SELECTION CRITERIA FOR EACH MASTER’S PROGRAM

2.1 GENERAL INFORMATION ON ADMISSION REQUIREMENTS AND SELECTION CRITERIA

Admission requirements of each master’s program can be found in the Selection Statutes which can be downloaded on the following website:

http://bewerbung.uni-mannheim.de/english/study_programmes_selection_criteria/index.html

For all of the master’s programs you need to apply in due time and form. You will find a checklist stating all required documents attached to your application form for admission. Please read this checklist carefully, since incomplete applications have to be excluded from the selection process.

2.2 BACHELOR’S DEGREE NOT YET COMPLETED

If you have not yet completed your bachelor’s degree within the application period, you may still apply for a master’s program. However, you need to have successfully completed a certain amount of ECTS credits as stated in the selection statutes. To prove the number of ECTS, please send in a current Transcript of Records. This document (original, bearing the official stamp and a signature of the university) has to arrive at the Admissions Office before the end of the application period. Please note: Transcripts of Records containing a verification link or code can only be accepted, if this document can be downloaded completely.

Please note: If the bachelor’s degree has not been completed by the end of the application period, admission to a master’s program is preliminary as you have to submit your bachelor’s degree certificate to the University of Mannheim before the first registration for an exam. If you do not provide this document in due time, your admission to the master’s program will be rescinded.

analplication@uni-mannheim.de

3.1 DOCUMENTS TO SUBMIT

The online application is obligatory for each master’s program. After entering all data online, please print the application form for admission. Please make sure not to change any data by hand on the printed form without contacting the Admissions Office. Please submit amongst others the following documents by post to the Admissions Office (postal address see point 3.2)

1) Printed and signed Application Form for Admission
2) University entrance qualification (e.g. High School Diploma, School Leaving Certificate, Attestat, etc.). Please note: A degree obtained at a German University also qualifies as a university entrance qualification
3) Proof of the fulfilled admission requirements for your chosen master’s program (e.g. notarized transcript of records, proof of required language proficiency, etc.)
4) Certificate of enrollment listing all semesters at German universities
5) Curriculum Vitae

Attached to the application form for admission, you will find a checklist that will help you to compile all documents. Please read this list carefully since incomplete applications have to be excluded from the admissions process.

All documents proving admission requirements have to be provided as notarized copies. Please note: Foreign documents can only be accepted in either German or English. If your documents are in another language, a translation into German or English is necessary. All records and transcripts of records need to be translated by a sworn translator. The module catalog, plan of studies and the examination regulations (especially relevant for the Mannheim Master in Management and Master in Business Informatics) can be translated by any other person, if your university testifies the correctness by an official stamp and signature.

Please note: Transcripts of records bearing a verification link or code may only be accepted if the document can be downloaded completely.

3.2 IMPORTANT INFORMATION ON THE APPLICATION FORM FOR ADMISSION

After you have completed the online questionnaire, please print the application form for admission. Sign it and send the form together with the requested records and proofs to the Admissions Office. Attached to your application form for admission, you will find a checklist that will help you to check whether your documents are complete.
Only applications that have been filled in completely, which are signed and contain all the relevant documents may be considered for the admissions process. Furthermore, the application needs to have arrived at the Admissions Office by the respective application deadline. Unfortunately, we are unable to accept applications outside of the regular application period. Moreover, in your application, you cannot refer to documents you sent in during an earlier application process or to documents that are in files of the University Mannheim. **Any documents in support of an application become property of the University Mannheim and will not be returned.** We appreciate your understanding in this matter.

Please do not submit: Original documents, photographs, an insurance certificate, proof that you have paid the semester contribution, a self-addressed stamped envelope. Avoid loose-leaf binders and paper clips. We kindly ask you to use a filing fastener like the one below:

Please punch holes in your documents and fix them with a filing fastener on the left hand side of the file. Then send the application to one of the following addresses:

Universität Mannheim

Please use this form also if we request for any further documents. You will find the form after you have finished your online application under “Application Management”. Please note: **Delayed documents have to arrive at the Admissions Office by post before the application deadline, too.**

Important: You need to pass the GMAT with a score of at least 600 (for the master’s program ‘Mannheim Master in Management’) or at least 630 (for the master’s program ‘Mannheim Master in Business Research’). Only the „Official Score Report/ School Copy” can be accepted as proof. The online access of the result is also accepted. In general, we will receive the result electronically, if you ask your test provider to send the result to the University of Mannheim. Please bear in mind that even the electronic transmission may take between 7 to 14 days.

We also accept the Graduate Record Examination (GRE) as an alternative to the GMAT. The results you achieve in your GRE are converted into a GMAT score using the formula stated in the selection statutes. Your converted GRE score must be at least equivalent to the minimum GMAT score stated in the selection statutes to be included in the admissions process for the Mannheim Master in Management or the Mannheim Master in Business Research program.

A tool which compares GRE and GMAT scores is available here: https://www.uni-mannheim.de/en/academics/applying/the-a-to-z-of-applying/gre/

If you want to prove extracurricular activities in your application, you have to submit documents which state your activities and qualifications. Further information about the process of enrolment can be found in the admissions documents. If you wish to accept your offered spot, please confirm the Declaration of Acceptance. Afterwards, you will receive an e-mail containing the log in data for myUniMA – an online portal that offers you all necessary information to enrol. Furthermore, it lists information on visa as well as on accommodation.

3.2.8 EXCLUSION FROM THE ADMISSIONS PROCESS

Please note: An application has to be excluded from the admissions process, if you do not respect the deadlines, or if you do not submit all (!) required documents in due time and form (section 5 paragraph 1 Act on the Awarding of University Places of the Land of Baden-Württemberg). Therefore, please use the checklist attached to the application form to check whether your documents are complete! In case of trials concerning selective degree courses, the University of Mannheim reserves the right to be represented by a lawyer.

In order to take part in this procedure, you are required to apply separately (detailed information on due time and form are to be found below).

Please note: Prospect students who have already applied regularly have to apply separately in order to be considered! You do not automatically take part in the allocation by lottery draw!

Applications for this procedure for master’s programs have to be submitted until 15th August for the fall semester and until 1st February for the spring semester (provided that admissions for the spring semester are possible).

   o Applicants for an advanced semester need to include a certificate from the examination board concerning the transfer of credits as well as the classification regarding the subject-related semester for the relevant master’s program. Without this classification, your application cannot be considered.

3.2.10 HARDSHIP EXEMPTIONS

If you are either bound to the city of Mannheim, or if a further delay in beginning your studies cannot be accepted (e.g. due to health problems, family circumstances or economic reasons) you may apply for a hardship exemption. In this case, please send a letter as well as official proof, like medical reports or official certificates.

Supporting documents for a hardship case application need to have arrived at the Admissions Office by the end of the application period.

4. FURTHER INFORMATION

4.1 SEMESTER FEES

If you wish to enroll at the University of Mannheim, you have to pay the semester contribution (about EUR 160.-) for administration costs, Studierendenwerk and the fee for the Student Body Representative Committee.

More information on the semester fee can be found in the enrollment documents.

Please note: For the Master of Comparative Business Law additional costs will arise. For more information, please contact the departmental advisory service (see point: 1.5).

4.2 TUITION FEES

**Important notice:** starting from fall semester 2017 the Federal State of Baden-Württemberg has implemented tuition fees.

The tuition fees affect all international students who are about to study in Germany at one of the universities in Baden-Württemberg. The tuition fee amounts to EUR 1,500 per semester. Students who are already enrolled at one of the universities in Baden-Württemberg will not have to pay the tuition fee and will be able to graduate in their aspired degree program at their current university under the current conditions (retention of acquired rights).

This change does not apply to students who are EU citizens or citizens of a member state of the European Economic Area (EEA) as well as to refugees. Moreover, this change neither affects foreign students who hold a German university entrance qualification (e.g. Abitur) nor students with established living conditions in Germany.

Students from the EU and the EEA member states and German citizens or foreign students with a German university entrance qualification, who already hold a German bachelor’s or German master’s degree, have to pay tuition fees when gaining their second degree of the same level. This fee amounts to EUR 650.
