

Application Guidelines for the European / Erasmus Programs

of the School of Humanities,
the School of Social Sciences,
the School of Business Informatics and Mathematics,
the Department of Law,
and the Department of Economics (Master only!)

Single deadline for the School of Humanities, School of Business Informatics and Mathematics, Department of Law and Department of Economics (except Economics undergraduate students):

For a one or two semester long stay abroad starting with the Fall Semester 2021 or for a one semester stay in the Spring Semester 2022: **31 January 2021 (one application deadline per year)**

Two Deadlines for the School of Social Sciences:

For a one or two semester long stay abroad starting with the Fall Semester 2021: **31 January 2021**

For a one semester stay abroad in the Spring Semester 2022: **30 April 2021**

These instructions are valid for all programs except for those that are administered fully by a particular school or chair (see application information of the respective program [on our webpages](#)).

IMPORTANT: Take care of your proof of language skills early on, as test appointments are filling up weeks in advance! Applications without proof of language will **not** be accepted. **It is NOT possible to submit the language test result after the deadline.**

On the day of the application deadline, 31 January (and 30 April for Social Sciences), the proof of language skills may **not be older than exactly two years**. **The earliest valid date of your proof of language skills is therefore 31 January 2019 (or 30 April 2019, for Social Sciences).**

How Can I Find Information?

Information Provided by Your School

Carefully read the school-specific information about studying abroad. You can find this information on the individual school's website under the tab "*International*". If necessary, schedule a personal consultation meeting at your school (Exchange Coordinators).

Study Abroad Information Session

Must watch: in the **Introductory Study Abroad Sessions** by the International Office, which are currently held online, you can learn all about application process, language requirements and financial aid opportunities: <https://www.uni-mannheim.de/en/> → Academics → Going Abroad → Studying Abroad → Prior to Your Application → [Mandatory information sessions](#).

Alternatively, the International Office is offering **individual consultation meetings** for international students to inform you about the study abroad program, your options and any special requirements regarding visa, proof of language skills etc. Please feel free to contact the [Study Abroad Advisors from the International Office](#) to make an appointment.

The International Office's webpages:

<https://www.uni-mannheim.de/en/> → Academics → [Going Abroad](#)

Starting with the webpage [Going Abroad](#) the International Office is offering the following:

- a [database of partner universities](#) showing all available study abroad programs and also reports from former exchange students
- extensive information on [proof of language proficiency](#)
- information on [financial aid](#) and much more

If you have questions about a specific report, the International Office can ask the author of a report to get in touch with you. Just send an e-mail with the report's ID number to outgoings@uni-mannheim.de.

Contact to the partner institutions

Please do not contact our partner institutions until you have officially been nominated by the International Office! If you have any questions, contact your advisors in Mannheim (see below)!

Individual Advisory Sessions at the International Office

The International Office is happy to help you with your questions concerning the application and the organization of your study abroad experience. Here is a list of the available **study abroad advisors at the International Office**:

Erasmus I (UK, Ireland, Belgium, Netherlands, Luxemburg)	Kathrin Blitzke	blitzke@verwaltung.uni-mannheim.de
Erasmus II (France, Spain, Italy, Portugal):	Kerstin Bach	bach@verwaltung.uni-mannheim.de
Erasmus III (Northern and Eastern Europe)	Lukas Dausend	lukas.dausend@verwaltung.uni-mannheim.de

Feel free to contact us via e-mail or to book an appointment for a digital consultation at <https://www.uni-mannheim.de/en/about/centers-institutions-affiliates-and-partners/international-office/virtual-consultation-study-abroad>

Please watch the virtual [introductory sessions](#) first before you book an appointment. We would be happy to answer individual questions, but we cannot repeat the complete content of the information sessions in one consultation session.

PLEASE NOTE: The International Office will be **closed** during the Christmas break **from 23 December 2020 until 6 January 2021**. We will answer your application queries again starting at 7 January 2021.

Advice from your School / Department

With regards to academic questions (e.g. course selection and recognition), please contact your School's Exchange Coordinator at the Dean's Office. An overview of these contacts is available at <https://www.uni-mannheim.de/en/> → Academics → Going Abroad → Studying Abroad → Prior to Your Application → [Recognition of coursework and credits from abroad](#).

You can find information about available modules/courses for example on the website of the respective partner university or in the experience reports of your predecessors.

Learning Agreements

Learning Agreements serve to facilitate the credit transfer of courses which students completed during their semester(s) abroad. Please only fill in these agreements after you have received confirmation of your acceptance into the program and after you are sure of what courses you would like to take while abroad. The right contact person for course choices and credit transfer is [your school's departmental coordinator](#) and / or the examination board.

Which programs may I apply for?

In order to see which study abroad programs you may apply for, please visit the International Office's [Database of Partner Universities](#) (University of Mannheim → Academics → Going Abroad → Studying Abroad → [Partner Universities](#)) online. Please contact the International Office if you need help when using the database as it is only available in German. Your major is the defining factor; you cannot apply for an exchange in your minor.

School of Social Sciences: Please note that not all European partner universities will be an exchange option for both application deadlines. Please check this for all of your preferred exchange destinations.

At the time of the application deadline, you may hand in only **one application**. In addition to your first-choice selection of a partner university, you may add up to four alternative choices of partner universities on the application form.

These alternatives do not need to be in the same country as your first choice, as long as they have the same application deadline and as long as you have the required language proficiencies.

Example:

First priority: University Oslo

Second priority: Univ. Maastricht

Third priority: Univ. Florence

Fourth priority: Univ. Swansea

Fifth priority: Charles University Prague

The selection commission will always try to grant your first choice. If this is not possible, the commission will try to allocate a place at one of your further choices.

To increase your chances for a study abroad place, we recommend using all available choices, provided that there are enough universities that are of interest to you.

Please note:

Only European universities may be chosen for the application deadline 31 January. Respectively, you may select only European (Erasmus) partner universities as priorities.

For the **School of Social Sciences**, the application deadline 30 April offers European universities as well as partner universities overseas (South), which you are allowed to choose from for your application. This means that in your application you can “mix” universities of the different regions (within the five allowed priorities). But please be aware that application requirements may change in this case, so please refer to the separate application guidelines for the respective region.

As the School of Humanities, Business Informatics and Mathematics and the Department of Law do not allow application for European programs for 30 April, these students can only apply for Overseas-South programs at this deadline.

Please note: The international exchange relationships of the University of Mannheim are subject to change. **This means that new partner universities might be added to the online database of study abroad opportunities, but also that a university exchange might no longer be offered.** These changes can usually occur up until one month before the application deadline. **We therefore strongly recommend that you check your chosen universities again one month before the application deadline.**

Application Requirements

1. **Enrolment** at the University of Mannheim for the entire time of the study abroad period (and the return to studies at the University of Mannheim afterwards).
2. Proof of advanced knowledge of the preferred host university’s **language of instruction**. Usually, a minimum level of B2 is expected (according to the *European Framework of Reference for Languages*). Please refer to the relevant section below for more information on how to get the relevant certificate and on how to find out if your preferred university has higher requirements.
3. Submitting a **completed online application on time**.
4. Good academic standing (applications from students with a Mannheim GPA of 3.0 and below can only be considered in special circumstances. Please check back with your School’s exchange coordinator if this applies to you).
5. If you have already been selected and accepted a spot in a program, it is not possible to re-apply for another spot for the same study abroad period.

Note: Applicants who have already taken part in an exchange program organized by the University of Mannheim during their *current* course of study will be lower-ranked in the second application to allow as many people as possible to take part in an exchange program. A previous stay abroad during the Bachelor’s degree, however, will *not* result in a lower rank if applying again to study abroad during the Master’s degree.

Nationality and Visa Issues

What you need to know as an international student: Depending on your nationality, there might be **additional requirements** that you need to be aware of. You can find all the relevant information on our website:

University of Mannheim → Academics → Going Abroad → Studying Abroad → [Special Requirements for International Students from Mannheim](#)

We strongly advise any students who do not hold German citizenship to consult with the International Office before applying, so that we can identify any difficulties early on and find solutions together. This especially applies to you if you are studying in Germany on a residence permit or if you need a visa to go abroad.

Here are a few issues which you might encounter:

- **Visa application?** Not only overseas exchanges require a visa. Exchange programs within Europe also require a visa if you are not a citizen of the EU, even though you have a valid resident permit for Germany.
- **Special language requirements?** Depending on your nationality, you might have to submit a different language test.
- **Staying abroad in your home country?** It's not always possible to do an exchange in the country whose citizenship you hold. Please check back with the International Office before you apply.
- **Dual Citizenship?** Please note that there might be special entrance requirements.
- **Information about University of Mannheim's tuition fees for non-EU students:** In many degree programs, you can request an exemption from the fees when taking an academic leave of absence.

[Please read up on this online](#) and speak to an advisor in the International Office!

Costs and Financial Aid

IMPORTANT: Please research the [costs and financial aid opportunities](#) of your preferred exchange destination before you apply. Talk to an advisor from the International Office for more information! You should plan very carefully which exchange destinations are within your financial means and which are not, especially if you are on a tight budget.

If your application is successful, you will receive **tuition-free admission** to one of our [partner universities](#), i.e. you can take courses abroad for free. However, other administrative fees similar to the University of Mannheim's semester fee can occur. If we learn that a partner university charges an unusually high fee (over 200 Euro), we will communicate this through our [database of partner universities](#).

In addition, you will need to budget for housing, cost of living, and travel expenses. Please note that overseas destinations, in particular, can incur higher expenses for visa, insurance and other miscellaneous fees as well as higher flight costs.

You can find all [financial aid opportunities](#) on the website of the International Office (University of Mannheim → Academics → Going Abroad → Studying Abroad → [Financing](#)). Applicants who receive an Erasmus exchange spot (for Europe) are usually automatically eligible for Erasmus funding. All other scholarship programs (e.g. DAAD, PROMOS or the Baden-Württemberg Scholarship) require a separate application. Be sure not to miss their individual deadlines!

At our Erasmus partner universities, [Mobility Funding supported by the EU](#) is usually “automatically” included. This funding varies from country to country. The monthly rates may change every year. Currently the rate is between 300 and 400 Euro per month (“Erasmus funding”). The International Office will inform you about this funding once you receive a study abroad spot.

Please note: The British government currently plans to participate in the ERASMUS program at least until 2021/22. If there will be a participation of the UK in future years depends on the current negotiations between the EU and the UK.

If you already received Erasmus funding for a study or work experience abroad during your current or former degree, you can get again an Erasmus grant as long as it does not exceed up to 12 months of funding per study cycle (Bachelor/Master).

Application Documents

- You need to **upload** the documents mentioned below on the online application portal “Mobility Online” (both within the deadline). The application portal will open one month before the deadline. Until then, you can already prepare the necessary documents (everything except for the actual application form). PLEASE PREPARE THE NECESSARY DIGITAL COPIES/SCANS IN ADVANCE, so you can upload them when the portal opens.
- Please upload all application documents as a **single copy in German or English**.
- At the point of application, academic references / letters of recommendation (*Gutachten*) are generally not required. Therefore, please do not submit any academic references – they do not play a role in the selection process.

Overview of Application Components (Checklist)

Below please find a description of the individual application components. **Please start preparing these documents now, so you can upload them once the application portal opens, which will be one month before the deadline.**

		Checklist for your personal use
N°	Application Component Please upload your application documents in a single copy on the Mobility Online-portal and then merge them in one consolidated PDF file in the following order.	Uploaded on Mobility Online?
1	Online Application Form (generated in the application portal, upload with signature)	<input type="checkbox"/>
2	CV	<input type="checkbox"/>
3	Letter of Motivation	<input type="checkbox"/>
4	Mannheim Transcript of Records (current studies)	<input type="checkbox"/>
5	Master Students: Bachelor Certificate	<input type="checkbox"/>
6	Proof of Language Proficiency	<input type="checkbox"/>
7	Additional Certificates (optional)	<input type="checkbox"/>
8	Picture (optional)	<input type="checkbox"/>
I have uploaded all documents in one consolidated PDF file		<input type="checkbox"/>

Accepted formats for uploads include PDF (preferred), WORD und picture files (e.g. for your picture).

Application Components: Details

1. Online Application Form (generated in the online application portal)

The International Office will open the application portal “Mobility Online” one month before the application deadline. Find it here: University of Mannheim → Academics → Going Abroad → Studying Abroad → Application → [Online application](#)

You can log in using your regular student username and password.

1. First, you go to the website mentioned above and enter your personal data in the online application form as well as your preferred university/universities (max 5) and the preferred time period of your study abroad. When you made your selection, please hit “Send”. [If you want to change your selection afterwards, you can do so later in the application portal.]
2. You will then receive a confirmation via email which includes the link to access your personal profile in the application portal. Please keep this email because you will need to access your profile later to receive information about the result of your application.

In the portal, you will see a list of steps which you will have to take in order to apply. These steps are called “application workflow”.

Please follow the steps in the application workflow and upload the application components which you prepared in advance. Afterwards please do the following:

- Print out the automatically generated application form.
- Sign the application form and scan it (alternatively, just insert your signature digitally).
- Upload the signed application form.

A Word of Advice:

Do not wait until the last minute before you upload your documents! Ideally you should upload them a few days before the deadline in case you have technical difficulties or other questions. That way you are less likely to miss the deadline.

Special information for ENTER Double Degree (valid only for Master Economics students):

If you want to apply for the ENTER Double Degree, please select the program “Double Degree” in one of your three priorities. Then select one of the participating universities (e.g. “Double Degree” / “Spain” / “Universidad Carlos III de Madrid”). Should you also be interested in further universities of the ENTER program, please mention these in your motivational letter only.

For your other priorities, you can select other universities offered within the (standard) ERASMUS program.

2. CV

Your CV should contain all the relevant aspects of your academic and professional development. You can find plenty of information on the internet about general conventions regarding the design and content of a CV. You can also visit the [Career Network](#) for more information and sign up for a CV check.

DO

- Please list all relevant work experience, internships and extra-curricular activities and give details about your individual tasks and accomplishments!
The selection process for the vast majority of exchange programs will be based exclusively on the application documents, and in most cases, there will not be a separate interview. So please make sure your CV answers all the relevant questions about your qualifications for an academic exchange.
- Pay attention to format and chronology.
Please always list your most recent position first. Other than that, you are free to use any design or format of your choice.

DON'T

- Do not list any irrelevant information!
The profession of your parents, your religious beliefs, your marital status etc. are not pertinent to your application.
- Avoid acronyms, jargon or other unclear word choices.
Usually it is not possible to ask any follow-up questions about your CV. Therefore, it should answer all questions related to your application.

3. Letter of Motivation

It should be clear from your letter of motivation that you have made yourself familiar with the study options at the universities and respectively the academic institutions that you have selected. The selection committee reads and evaluates every single letter of motivation.

Format: The letter of motivation must contain your **name** and **student ID number** as a header and may be no longer than two pages.

As you can **choose up to five different partner universities ('priorities')** in your application for a stay abroad, in your letter of motivation you must refer to all the universities listed. You should therefore...

- **focus solely on your first priority on the first page**, detailing your general and professional motivation for wanting to study at your top priority university
- **explain your further choices in shorter form on the second page**. For your second and third priority, please mention your motivation in a few sentences. If you list four or five universities, it will suffice for these last two universities if you list a few courses on offer to explain the professional fit.

Example for 3 priorities:

Example for the maximum amount of priorities (5):

For the content of your letter of motivation, we have the following suggestions:

DO

- ☑ Elaborate on your academic motivation to study abroad!
What are your academic interests? Do you have a special focus in your studies or job/career aspirations which align with what your host university offers?
- ☑ Use consistent formatting!
You are free to play around with font sizes or types, but please keep it legible, avoid major gaps and try to have a clear format.
- ☑ Explain your personal motivation!
Do you have any ties to your host country? Which aspect of your host country is of interest to you?

DON'T

- ☒ Your letter of motivation should not be too generic!
There should be a clear reason why you chose your selected host universities out of all available programs.
- ☒ Make sure that your arguments are not too touristy!
Proximity to the beach, nightlife and sightseeing spots should not be the main reason why you chose your host universities.
- ☒ Avoid typos, grammatical errors and awkward word choices!

4. Transcript of records of your current degree program

Master's students who have not received grades received do not need to hand in a master's transcript. It will be your bachelor's grades that will be taken into account.

If you already have credits in your current degree program, you have to submit a **transcript with your current average grade**. You can get this transcript at the Express-Service.

Due to the current situation with COVID-19, we ask you to request a transcript via the contact form of the Express-Service (<https://www.uni-mannheim.de/en/express-service>). **Please ask for a current transcript with average grade for the application for an exchange semester.** You will receive the transcript as a PDF via e-mail.

After that, please do the following steps:

- Upload this PDF on the application portal.
- Please enter the overall average grade in the online application portal.
- If there is no average grade available, please submit a transcript without the average grade. Please do not calculate the average grade yourself and leave the respective field in the online form blank.

Please note: Printouts done by yourself through Portal² do not contain your average grade, so please get a transcript via the Express-Service.

Entering the overall average grade in the online application portal:

If your transcript includes your official average grade, please enter the grade in the respective field.
Bachelor's Students: If there is no average grade available, please leave this field blank.
Master's Students: If there is no average grade available, please enter your bachelor's degree result.

Entering the overall average grade in the online application portal:

If your transcript includes your official average grade, please enter the grade in the respective field.

Bachelor Students: If there is no average grade available, please leave this field blank.

Master Students: If there is no average grade available, please enter your Bachelor degree result.

5. Bachelor Degree Certificate Including Individual Grades (Master's students only)

Whether you have already obtained Master ECTS in Mannheim or not, please upload a copy of your completed Bachelor degree certificate or of your transcript if the Bachelor degree is not yet available. The certificate should include your overall grade as well as your individual course grades (if this is not the case, please also include a Bachelor's transcript).

The selection committee reserves the right to ask for the original copies.

Entering the overall average grade in the online application portal:

If you already have an average grade from a current Mannheim transcript, please insert this grade. If there is no average grade available for your current degree, please enter your overall Bachelor degree result.

6. Proof of Language Proficiency

At the time of application, you need a valid proof of language skills for your selected universities. **To find out which language is relevant for your chosen universities and what kind of proof you need, please go online:**

University of Mannheim → Academics → Going Abroad → Studying Abroad → [Proof of Language Proficiency](#)

- On the [Proof of Language Proficiency](#) page, you will find all accepted language tests and alternatives as well as information on where to take these tests.
- Please note that in the interest of comparability, we won't accept any other proof of language skills besides the ones mentioned on the website above. **Native speakers** should also check the [information for native speakers](#) on tests and potential alternatives.
- Usually, a minimum level of B2 is expected (according to the *European Framework of Reference for Languages*), although some partner universities require a higher level or specific tests like TOEFL, IELTS or others. You will find this information in the International Office's [Database of Partner Universities](#). Please feel free to ask for advice in the International Office!
- **International degree-seeking students** whose nationality is not German should inquire with the International Office if any [special requirements](#) for their preferred host universities apply.
- Please upload a scan of your language proof and keep the original at hand as you will probably need it later, e.g. once your documents need to be sent to the partner university.
- **REMINDER:** the proof of language skills **must not be older than exactly two years** at the day of the application deadline (31 January, and for Social Sciences, also 30 April).

Applicants who do not hand in a valid proof of language skills do not meet the application requirements and will not be considered.

If some of your preferred universities require proof of **other languages**, please also upload the documents for these languages.

Example:

First priority Great Britain → proof for English language skills

Second priority Spain → additional proof for Spanish language skills (if Spanish is the language of instruction)

If you intend to take courses at your host university that are taught in several languages (e.g. lectures or seminars in English and Spanish), you should show proof for each of these languages.

Please note: If there are some spots left unfilled after the selection process, the remaining spots will be offered to those applicants who didn't receive a spot in the first round. It is then possible to hand in a second application for these spots (by email). If the second application contains universities with different teaching languages, you must possess a proof of language skills for this region prior to your second application! So if you apply for English-taught programs now, please think carefully about a potential second round and if you might then want to apply for a university that is e.g. Spanish-taught – if this is the case, you should obtain such an additional proof of language skills now (as there won't be time for this during the second round).

Note to European programs that require a TOEFL or IELTS:

If you apply for a European partner university that requires a [TOEFL](#) or [IELTS](#), please note that the required test submitted with your application. Due to time restrictions, it is not possible to hand in first a Language Certificate as alternative.

If you take a new TOEFL test, please always use our Institutional Code 7261, so your test results will directly be sent to the University of Mannheim. You can hand in the "TOEFL Test Taker Score Report" which is available some days after the test (please read the above mentioned [information provided about the TOEFL](#) on the [Proof of Language Proficiency](#) webpage for more information on this). For the IELTS, you can check your results online before the hardcopy is sent out, so you can also submit a screenshot of your results with your application

TOEFL/IELTS results and other documents that you handed in with your general study application to the **admissions office** cannot be used for your study abroad application as they need to remain in your file for legal reasons.

7. Additional (relevant) Certificates (optional)

If you mention internships, work experience, or other similar topics in your CV, you should upload the corresponding certificates (if relevant).

8. Picture (optional)

You can upload a picture in the online application portal (picture file, e.g. JPEG). However, this is entirely voluntary. We will also accept applications without a photo.

Handing in the Application

You have to upload all requested application documents on the Mobility Online portal by the application deadline:

School of Humanities, School of Business Informatics & Mathematics, Department of Law and Department of Economics:

Sunday, **31 January 2021**

School of Social Sciences:

Sunday, **31 January 2021** (for a stay abroad starting in the Fall Semester)

Friday, **30 April 2021** (for a stay abroad in the Spring Semester)

Please make sure that the documents in the PDF appear in the order of the checklist above.

You alone are responsible for the completeness of your application. If your application is incomplete, it might be excluded from or receive a lower rank for the selection process. Please use the table above to check completeness. Due to the high number of applicants, we are not able to request missing documents.

Please note: Since the application deadline is on a weekend, **we highly recommend you upload your application documents by Friday, 29 January, at noon, in case you run into technical difficulties and need technical support.**

Confirmation of Application Receipt

For the application deadline 31 January, you will receive an e-mail from the International Office confirming the **receipt** of your application documents by Tuesday, 9 February 2021 (6 p.m.) at the latest.

For the application deadline 30 April, you will receive this e-mail by Tuesday, 11 May 2021 (6 p.m.) at the latest.

Selection Process

You can find all the relevant information about the [selection procedure and selection criteria on our website](#).

Due to the high number of applications that need to be processed and evaluated, we ask you not to contact us by phone or e-mail to enquire about the result of the selection process. You have to expect that this process will require a number of weeks. We will inform you about the results as soon as possible via e-mail to your university address.

How are my chances of getting selected for an exchange spot?

It is very difficult to predict the chances of success for your individual application since the number of applicants and the preference for certain partner universities differ significantly every year. Whether you are selected and for which program depends entirely on how many other students also apply for the same programs.

The university on the top of your list (i.e. your first priority) will yield the best chance of success for you; your other priorities will only be considered if other applicants who chose these partner universities as their first priority haven't already been selected.

In general, English-speaking exchange programs draw a higher number of applicants than non-English-speaking programs. Famous cities and countries are also generally more popular than lesser-known destinations. **Therefore, we recommend you also choose some universities which don't necessarily come to mind**, but which could also be interesting for you and match academically.

Please speak to an advisor at the International Office, and take your time to research your target universities and to write your letter of motivation.

Students of Humanities, Business Informatics/Mathematics, Law and Economics: You could possibly increase your chances if you have some leeway in choosing the time period to go abroad, since the numbers of people applying for the Spring or Fall term is not always the same. If you are flexible about the time you want to spend abroad, you should mention this in your letter of motivation. Students of Social Sciences have to separate deadlines for fall and spring semester, so a flexible application at one deadline is not possible (but of course a second application at the following deadline).

What happens if I don't receive a spot at one of my selected partner universities?

If there are vacant spots left after the first selection round, we will allocate those in a [second selection round](#).

What's next?

Formal and binding acceptance of an exchange spot:

If you are offered a spot in an exchange program, you will need to accept it on the application portal within four business days. The acceptance of this spot is binding. Unfortunately, every year there are applicants who initially accept a spot in a program and drop out later without going through the official cancellation process. As the selection process is finalized at this stage, the “vacant spot” cannot be given to another student. This is unfair to other applicants and will be penalized with the exclusion from all university-internal study abroad programs. In addition, the International Office will consult with the applicant’s school.

After you accepted an exchange spot, you can only withdraw from the exchange program in special circumstances (e.g. general crises, medical emergencies, change of degree program etc.).

Registration Process at the Partner University

A few months before the exchange begins, the International Office will nominate all selected students at their respective host university.

For a successful registration at the host university, you will need to submit a number of documents again. The host university will make the final decision whether our applicants are accepted or not. If you hand in a complete set of documents in time, there should usually not be any issues. We will inform you in due time about the necessary steps.

Website for Students Who Were Selected to Study Abroad

Once you were selected for an exchange program, you can find all the relevant information on what comes next on this website:

University of Mannheim → Academics → Going Abroad → Studying Abroad → [Upon Your Successful Application](#)

**The Team of the International Office
Wishes you Good Luck for your Application!**
