Application Instructions
for Exchange Programs (Region „Overseas North“)
USA, Canada, Asia, Mexico
for Students of all Courses of Study (Bachelor, Master and State Exam) except Business Studies

Application Deadline 15 October 2019
for a Stay Abroad in Fall 2020 and/or Spring 2021

This document serves as a general guide for the completion of your application. It is applicable to the following programs:
- State-to State programs (Landesprogramme) North Carolina, Connecticut and Massachusetts (USA), Ontario (Canada) and Mexico
- Partner Universities with a deadline of 15th of October 2019 which are coordinated by the International Office

These instructions are valid for all programs except for those that are administered fully by a particular school or chair (see application information of the respective program on our webpages).

If you are considering an exchange in a country whose citizenship you have, you might not be eligible. Please inquire at the International Office whether the receiving partner university will accept you as an exchange student.

IMPORTANT: Take care of your proof of language skills early on, as test appointments are being filled weeks in advance! Applications without proof of language will not be accepted. It is NOT possible to submit the language test result after the deadline (please note the exception for the TOEFL or IELTS, see below).

On the day of the application deadline (15 October), the proof of language skills may not be older than exactly two years. The earliest valid date of your proof of language skills is therefore 15 October 2017.

How Can I Find Information?

- **Information Provided by Your School**
  Carefully read the school-specific information concerning a study abroad period. This information can be found on the individual school’s website under the topic “International”. If necessary, arrange a personal advisory meeting at your school (Exchange Coordinators).

- **Study Abroad Information Session**
  If you feel that your command of the German language is sufficient to take part in the Introductory Study Abroad Session (generally held in German), please do so. There will be one information session in English on 30 September 2019. You can find the dates of the information sessions on the webpages of the International Office: https://www.uni-mannheim.de/en/ → Academics → Going Abroad → Studying Abroad → Prior to Your Application → Mandatory information sessions.

Alternatively, the International Office is offering individual information meetings for international students to inform you about the study abroad program, your options and any special requirements regarding visa, proof of language skills etc. Please feel free to contact the Study Abroad Advisors from the International Office to make an appointment.

- **The International Office’s webpages:**
  https://www.uni-mannheim.de/en/ → Academics → Going Abroad

Starting with the webpage Going Abroad the International Office is offering the following:
- a database of partner universities showing all available study abroad programs and also reports from former exchange students
- extensive information on proof of language proficiency
- information on financial aid and much more

If you have questions about a specific report, the International Office can ask the author of a report to get in touch with you. Just send an e-mail with the report’s ID number to outgoings@uni-mannheim.de.

- **Study Abroad Fair at the University of Mannheim**
  An international study abroad fair will be held in the arcades of the Ehrenhof on Thursday, 19 September 2019 from 3 p.m. to 7 p.m. where you can get information about our partner universities. During this time, International Office and school staff will be available for consultation.

- **Contact to the partner institutions**
  Please do not contact our partner institutions until you have officially been nominated by the International Office! If you have any questions, contact your advisors in Mannheim (see below!)

- **Individual Advisory Sessions at the International Office**
  The International Office is happy to help you with your questions concerning the application and the organization of your study abroad experience.

**Office hours of the International Office (for shorter questions):** Mondays from 9 a.m. to noon and Wednesdays from 2 p.m. to 5 p.m. For an **individual advisory session** please make an appointment at 0621 181-1151.

Here is a list of the available study abroad advisors at the International Office:

<table>
<thead>
<tr>
<th>Overseas I (North America, Mexico, Australia, New Zealand)</th>
<th>Carita Emmerich-Wessels</th>
<th>Tel. 0621 181-1157</th>
</tr>
</thead>
<tbody>
<tr>
<td>Overseas II (Africa, Asia, South America, Israel)</td>
<td>Lukas Dausend</td>
<td>Tel. 0621 181-1137</td>
</tr>
</tbody>
</table>
Advice from your School / Department
With regards to academic questions (e.g. course selection and recognition), please contact your School’s Exchange Coordinator at the Dean’s Office. An overview of these contacts can be found at https://www.uni-mannheim.de/en/ Academics Going Abroad Studying Abroad Prior to Your Application Recognition of coursework and credits from abroad.
You can find information about available modules/courses for example on the website of the respective partner university or in the experience reports of your predecessors.

Learning Agreements
Learning Agreements serve to facilitate the credit transfer of courses which students completed during their semester(s) abroad. Please only fill in these agreements after you have received confirmation of your acceptance into the program and after you are sure of what courses you would like to take while abroad. The right contact person for course choices and credit transfer is your school’s departmental coordinator and / or the examination board.

Which programs may I apply for?
In order to see which study abroad programs you may apply for, please visit the International Office’s Database of Partner Universities (University of Mannheim Academics Going Abroad Studying Abroad Partner Universities) online. Please contact the International Office if you need help when using the database as it is only available in German. Your major is the defining factor; you cannot apply for an exchange in your minor.

At the time of the application deadline, you may hand in only one application. In addition to your first-choice selection of a partner university or State-to-state program (Landesprogramm), you may add up to four alternative choices of partner universities or State-to-state programs (Landesprogramm) on the application form.
These alternatives do not need to be in the same country as your first choice, as long as they have the same application deadline and as long as you have the required language proficiencies.

Example:
First priority: State program Ontario
Second priority: National U of Singapore
Third priority: State program Mexico
Fourth priority: University of Massachusetts at Boston
Fifth priority: Haifa University
The selection commission will always try to grant your first choice. If this is not possible, the commission will try to allocate a place at one of your further choices.
To increase your chances for a study abroad place, we recommend using all available choices, provided that there are enough universities that are of interest to you.

Important information for Law students who apply for a stay abroad during their ‘Ergänzungsstudium Staatsexamen’: Please select ‘Bachelor’ as your study level in the online application form – you can choose from all exchange programs that are open for bachelor level law students. Select ‘Ergänzungsstudium’ as your degree program, even if you are currently still enrolled in the Bachelor of Business Law degree.

Exception: State Programs
Please note that State Programs (Landesprogramm) have several special requirements and exceptions due to early nomination deadlines of our exchange students. In particular, you already need to submit your proof of language skills on 15 October!
In general, an application for a State Program is twofold: first, you apply for general admission to the program. Once you have a spot, it will then be decided in a second step at which university within this program you will be enrolled. Our coordinators will try to place you according to your preferences. For more information, please consult the respective passages in these guidelines.

Please note: The international exchange relationships of the University of Mannheim are subject to change. This means that new partner universities might be added to the online database of study abroad opportunities, but also that a university exchange might no longer be offered. These changes can usually occur up until one month before the application deadline. We therefore strongly recommend that you check your chosen universities again one month before the application deadline.

Application Requirements

1. **Enrolment** at the University of Mannheim at the time of the study abroad period (and the return to studies at the University of Mannheim afterwards).
2. Proof of advanced knowledge of the preferred host university’s language of instruction. Usually, a minimum level of B2 is expected (according to the European Framework of Reference for Languages). Please refer to the relevant section below for more information on how to get the relevant certificate and on how to find out if your preferred university has higher requirements.
3. Submitting a completed application on time – both online and as a hardcopy.
4. Good academic standing (applications from students with a Mannheim GPA of 3.0 and below can only be considered in special circumstances. Please check back with your School’s exchange coordinator if this applies to you).
5. If you have already been selected and accepted a spot in a program, it is not possible to re-apply for another spot for the same study abroad period.
6. For State Exam Degrees (Staatsexamen) – please contact the International Office for specific requirements if you study one of these degree courses as a non-native German speaker or, if you speak German, please read the German version of the application instructions.

**Note:** Applicants who have already taken part in an exchange program organised by the University of Mannheim during their current course of study will be lower-ranked in the second application to allow as many people as possible to take part in an exchange program. A previous stay abroad during the Bachelor’s degree, however, will not result in a lower rank if applying again to study abroad during the Master’s degree. This is also valid for “Staatsexamen Lehramt” students: a previous stay abroad will not result in a lower rank.

Nationality and Visa Issues

What you need to know as an international student: Depending on your nationality, there might be additional requirements that you need to be aware of. You can all the relevant information on our website:

University of Mannheim ➔ Academics ➔ Going Abroad ➔ Studying Abroad ➔ Special Requirements for International Students from Mannheim

We strongly advise any students who do not hold German citizenship to consult with the International Office before applying, so that we can identify any difficulties early on and find solutions together. This especially applies to you if you are studying in Germany on a residence permit or if you need a visa to go abroad.
Here are a few issues which you might encounter:

- **Visa application?** Not only overseas exchanges require a visa. Exchange programs within Europe also require a visa if you are not a citizen of the EU, even though you have valid resident permit for Germany.

- **Special language requirements?** Depending on your nationality, you might have to submit a different language test.

- **Staying abroad in your home country?** It’s not always possible to do an exchange in the country whose citizenship you hold. Please check back with the International Office and your School’s exchange coordinator in the Dean’s Office before you apply.

- **Dual Citizenship?** Please note that there might be special entrance requirements.

- **Information about University of Mannheim’s tuition fees for non-EU students:** In many degree programs, you can request an exemption from the fees when taking an academic leave of absence. Students in a master’s program who have successfully applied for the Baden-Württemberg Scholarship to fund their stay abroad will also be exempt from paying tuition fees for this period.

Please read up on this online and speak to an advisor in the International Office!

**Can I Gain a Degree Abroad?**

Within exchange programs, the award of degrees (MBA, Bachelor, Master, etc.) is generally not possible, as your status as an exchange student is that of a “non-degree seeking student”.

**Costs and Financial Aid**

IMPORTANT: Please research the costs and financial aid opportunities of your preferred exchange destination before you apply. Talk to an advisor from the International Office for more information! You should plan very carefully which exchange destinations are within your financial means and which are not, especially if you are on a tight budget.

If your application is successful, you will receive tuition-free admission to one of our partner universities, i.e. you can take courses abroad for free. However, other administrative fees similar to the University of Mannheim’s semester fee can occur. If we learn that a partner university charges an unusually high fee (over €200), we will communicate this through our database of partner universities.

In addition, you will need to budget for housing, cost of living, and travel expenses. Please note that overseas destinations, in particular, can incur higher expenses for visa, insurance and other miscellaneous fees as well as higher flight costs.

You can find all financial aid opportunities on the website of the International Office (University of Mannheim → Academics → Going Abroad → Studying Abroad → Financing). Applicants who receive an Erasmus exchange spot (for Europe) are usually automatically eligible for Erasmus funding. All other scholarship programs (e.g. DAAD, PROMOS or the Baden-Württemberg Scholarship) require a separate application. Be sure not to miss their individual deadlines!
Application Documents

- You need to hand in the documents mentioned below as a **hardcopy** and you need to **upload** them on the online application portal “Mobility Online” (both within the deadline). The application portal will open one month before the deadline. Until then, you can already prepare the necessary documents (everything except for the actual application form). PLEASE PREPARE THE NECESSARY DIGITAL COPIES/SCANS IN ADVANCE, so you can upload them when the portal opens.

- All application documents should be handed in as a **single copy** in German or English.

- At the point of application, academic references / letters of recommendation (Gutachten) are generally not required. Therefore, please do not hand in any academic references – they do not play a role in the selection process.

  **Exception: State Program Massachusetts!** Because we have to process applications for this State Program faster, you need to submit two letters of recommendation in English with your application!

- Please hand in a COMPLETE application, it is not possible to hand in single components.

Overview of Application Components (Checklist)

Below please find a description of the individual application components. Please start preparing these documents now, so you can upload them once the application portal opens, which will be one month before the deadline.

I have uploaded all documents in the application portal ☐
I have handed in all documents as a hardcopy ☐

Accepted formats for uploads include PDF (preferred), WORD und picture files (e.g. for your picture).
Application Components : Details

1. Online Application Form (generated in the online application portal)

The International Office will open the application portal “Mobility Online” one month before the application deadline. Find it here: University of Mannheim → Academics → Going Abroad → Studying Abroad → Application → Online application

You can log in using your regular student username and password.

For a successful application you need to take the following steps:

1. First, you go to the website mentioned above and enter your personal data in the online application form as well as your preferred university/universities (max 5) and the preferred time period of your study abroad. When you made your selection, please hit “Send”. [If you want to change your selection afterwards, you can do so later in the application portal.]

2. You will then receive a confirmation via email which includes the link to access your personal profile in the application portal. Please keep this email because you will need to access your profile later to receive information about the result of your application.

In the portal, you will see a list of steps which you will have to take in order to apply. These steps are called “application workflow”.

Please follow the steps in the application workflow and upload the application components which you prepared in advance (you will find a detailed list of these components below – you can start your preparation of these documents NOW). Afterwards please do the following:

- Print out the automatically generated application form.
- Sign the application form.
- Scan the signed application form.
- Upload the signed application form.
- Add the original of your signed application form to the rest of your hardcopy documents and hand them in (please check below for details on when and where to hand in your application).

A Word of Advice:

Do not wait until the last minute before you upload your documents! Ideally you should upload them a few days before the deadline in case you have technical difficulties or other questions. That way you are less likely to miss the deadline.

Exception State Programs:

If you would like to apply for a spot in a state-to-state program (“Landesprogramm”), please select the State Program of your choice and then the university which you would prefer within that State Program (e.g. “LP Ontario” / “University of Windsor”). In general, an application for a State Program is twofold: First you apply to take part in the State Program – and in case of success you will be accepted into the Program, but not yet accepted for a specific university. In a second step, you will be assigned a spot at a university within the program – this could also be a different university than the one you selected in the online document.

2. CV

- Please state any work experience, internships, or extra-curricular activities.
- Please be aware that the selection process for the vast majority of exchange programs will be based exclusively on the application documents, and that in most cases, there will not be a separate interview. So please make sure your CV is as detailed as necessary and that it answers all the relevant questions about your qualifications for an academic exchange.
Letter of Motivation

It should be clear from your letter of motivation that you have made yourself familiar with the study options at the universities and respectively the academic institutions that you have selected. The selection committee reads and evaluates every single letter of motivation.

Format: The letter of motivation must contain your name and student ID number as a header and may be no longer than two pages.

As you can choose up to five different partner universities (‘priorities’) in your application for a stay abroad, in your letter of motivation you must refer to all the universities listed. You should therefore...

- focus solely on your first priority on the first page, detailing your general and professional motivation for wanting to study at your top priority university
- explain your further choices in shorter form on the second page. For your second and third priority, please mention your motivation in a few sentences. If you list four or five universities, it will suffice for these last two universities if you list a few courses on offer to explain the professional fit.

Example for 3 priorities:

1st Priority

2nd Priority

3rd Priority

Example for the maximum amount of priorities (5):

1st Priority

2nd Priority

3rd Priority

4th Priority

(courses only)

5th Priority

(courses only)

- Exception State Programs: If your first choice is a state-to-state program, focus your letter of motivation on the university that you prefer within the State Program.
4a Self-Print: Unofficial Transcript of Grades

- Please log on to Portal² and generate an unofficial transcript of grades. Include a print-out to your application documents and upload a PDF version of your transcript. (Please note that it is currently not possible to receive an official transcript for study abroad application at the Express-Service, so please use the unofficial transcript of grades from Portal²).
- Additionally, please look up your preliminary average grade in the student cockpit and enter it in the respective field in the online application portal. If there is no average grade available, please leave this field blank.
- Master students who have not obtained any credits in Mannheim yet do not need to hand in a preliminary transcript. Their application will be evaluated based on their Bachelor degree result.
- The International Office will verify the accuracy of your entries.

Entering the overall average grade in the online application portal:

If you already have an average grade from a current Mannheim transcript, please insert this grade. Bachelor students: If there is no average grade available for your current degree, please leave this field blank. Master Students: If there is no average grade available, please enter your Bachelor degree result.

Applicants who are enrolled in “Bachelor/Master of Education Erweiterungsfach” please also include the Bachelor result of their major, if available.

4b Master students: Certificate of Completed Bachelor Degree Including Individual Grades

Whether you have already obtained Master ECTS in Mannheim or not, please upload and hand in an uncertified copy of your completed Bachelor degree certificate or your transcript if the Bachelor degree is not yet available. The certificate should include your overall grade as well as your individual course grades (if this is not the case, please also enclose a Bachelor’s transcript).

Graduates with a Mannheim Bachelor: If your Bachelor degree certificate is not available yet, please contact your Student Services Office and ask for a transcript with an average grade. (Please note that it is currently not possible to receive an official transcript for study abroad application at the Express-Service, so please contact the staff at Student Services (L 1, 1, 1st floor, office hours Mon 9 a.m. – 12 p.m. and Wed 2 – 5 p.m.).

Entering the overall average grade in the online application portal:

If available, please enter the average grade from a current Mannheim transcript (see above). If there is no average grade available for your current degree, please enter your overall Bachelor degree result.

The selection committee reserves the right to ask for original copies.

5 Proof of Language Proficiency

At the time of application, you need a valid proof of language skills for your selected universities. To find out which language is relevant for your chosen universities and what kind of proof you need, please go online:

University of Mannheim → Academics → Going Abroad → Studying Abroad → Proof of Language Proficiency

- On the Proof of Language Proficiency page, you will find all accepted language tests and alternatives as well as information on where to take these tests.
- Please note that in the interest of comparability, we won’t accept any other proof of language skills besides the ones mentioned on the website above. Native speakers should also check the information for native speakers on tests and potential alternatives.
- Usually, a minimum level of B2 is expected (according to the European Framework of Reference for Languages), although some partner universities require a higher level or specific tests like TOEFL, IELTS or others. You will find this information in the International Office’s Database of Partner Universities. Please feel free to ask for advice in the International Office!
- International degree-seeking students whose nationality is not German should inquire with the International Office if any special requirements for their preferred host universities apply.
- Please hand in an uncertified copy of your language proof and upload a scan of the original in the
application portal. Please keep the original at hand as you will probably need it later, e.g. once your documents need to be sent to the partner university.

- **REMINDER:** the proof of language skills must not be any older than exactly two years at the day of the application deadline (15 October).

- Applicants who do not hand in a valid proof of language skills do not meet the application requirements and will not be considered.

If some of your preferred universities require proof of other languages, please also upload and hand in the documents for these languages.

**Example:**
First priority USA → proof for English language skills
Second priority Mexico → additional proof for Spanish language skills (if Spanish is the language of instruction)

If you intend to take courses at your host university that are taught in several languages (e.g. lectures or seminars in English and Spanish), you will need to show proof for each of these languages.

**Note to programs that require a TOEFL or IELTS:**

- **State Programs:** applicants for any State Program that requires a TOEFL or IELTS will have to submit a valid test by 15 October 2019!

- **Partner Universities:** Applicants for partner universities that require a TOEFL or IELTS can alternatively submit the university’s language certificate if their test results are not in by the application deadline. In this case, the TOEFL or IELTS has to be handed in by 31 January 2020.

- In case of the TOEFL, you can initially submit the Test Taker Score Report by the application deadline (in this case please read information provided about the TOEFL on the Proof of Language Proficiency webpage). The TOEFL Test Taker Score Report is a PDF document that can be downloaded online eight to ten days after the completion of the test.

- For the IELTS, you can check your results online before the hardcopy is sent out, so you can also submit a screenshot of your results with your application.

- Our partner universities usually accept both IELTS and TOEFL, so both tests are equal for our application procedure.

**It is your responsibility to upload the results of your TOEFL/IELTS result by the due date. Otherwise, you cannot be enrolled at your host institution and you will lose your spot. Please be aware that you will not be reminded to hand in your test results.**

**TOEFL/IELTS results and other documents** that you handed in with your general study application to the admissions office cannot be used for your study abroad application as they need to remain in your file for legal reasons.

6 Additional (relevant) Certificates (optional)

If you mention internships, work experience, or other similar topics in your CV, you should upload the corresponding certificates (if relevant) and attach them to your application (uncertified copies).

**Please note:** for the State Program Massachusetts you need to submit two letters of recommendation in English with your application!

7 Picture (optional)

You can upload a picture in the online application portal (picture file, e.g. JPEG). It will automatically be printed on the application document. Alternatively, you could glue a picture on the hardcopy application. The submission of a picture is optional, i.e. your application is also valid without one.
Copy of your Passport (optional)

For stays abroad outside Europe, you usually need a passport that is still valid six months after your semester(s) abroad have ended (information on the actual minimum validity can be obtained via the respective embassy). If you have a passport that fulfills this requirement, please upload a scan (PDF or picture file) in the application portal and add a hardcopy to your application documents. Otherwise, please remember to get a new passport in time!

If you are selected for an exchange outside Europe beginning in the fall of 2020 you will need to upload a valid passport by February 15, 2020; if you are selected for an exchange beginning in the spring of 2021, you need to do this in by August 15, 2020.

You need to upload your passport onto Mobility Online by the dates mentioned above. Failure to do so will make it impossible to nominate you at your host university and you will lose your exchange spot. It is your sole responsibility to make sure to get a valid passport to avoid this situation!

Packaging of the Application Documents

1. Sort the application documents in the order mentioned above – unsorted documents have a negative impact on your chances.
2. Put your documents in a simple transparent plastic folder that is open top and side – please don’t use application folders etc. as they do not improve your chances and are indeed hindering speedy processing. Envelopes are only necessary if you send your application via mail or if you put it in the University’s mailbox in L1, 1.

Handing in the Application

For the fall term 2020 and/or the spring term 2021 the application deadline is 15 October 2019.

You have to submit your application in two ways:

• Online upload of all documents by 15 October 2019 (noon)

• Hand in your hardcopy in due time for the application deadline
  - either by Tuesday, 15 October 2019 at the Express-Service in L1, 1
  - or by using one of the grey mailboxes at both entrances of the L1, 1 building (labeled “Universität Mannheim) by 15 October 2019
  - or via mail (date as postmarked – please inquire if your post office does postmark on weekends – make sure to hand in your application on time).

It is your responsibility to ensure that the online and hardcopy versions of your application are identical.

If you want to send the hardcopy by mail, we recommend that you use regular mail because the delivery via registered mail, express, and similar methods may take longer and will delay the selection process.

Please find the opening hours of the Express-Service on our website:
https://www.uni-mannheim.de/en/express-service/

Postal address:
University of Mannheim
International Office
L1, 1
68131 Mannheim
Mail from abroad: If you need to send your documents from abroad, please inform us in advance via e-mail at outgoings@uni-mannheim.de.

You alone are responsible for the completeness of your application. If your application is incomplete, it might be excluded from or receive a lower mark for the selection process. Please use the table above to check completeness. Due to the high number of applicants, we are not able to request missing documents.

Confirmation of Application Receipt

You will receive an e-mail from the International Office confirming the receipt of your application documents by Tuesday, 29 October 2019 (6 p.m.) at the latest.

Submitting Documents after the Deadline

It is not possible to hand in any documents after the application deadline. This is necessary to speed up the selection procedure.

This does not affect the exception for the TOEFL/IELTS (see above).
Selection Process

You can find all the relevant information about the selection procedure and selection criteria on our website.

Applicants who chose the following university-wide exchange programs as their first priority might be invited to a separate selection interview (*subject to change*):

Most selection interviews are scheduled to take place from 18 through 16 November 2019; the selection interviews for Israel will already take place in the week from 11 through 15 November 2019. We will inform all potential candidates about their individual appointment via email. Students who want to apply for a university-wide program should already mark these weeks in their calendar.
Due to the high number of applications that need to be processed and evaluated, we ask you not to contact us by phone or e-mail to enquire about the result of the selection process. You have to expect that this process will require a number of weeks. We will endeavor to inform you about the results as soon as possible via e-mail to your university address.

**How are my chances of getting selected for an exchange spot?**

It is very difficult to predict the chances of success for your individual application since the number of applicants and the preference for certain partner universities differ significantly every year. Whether you are selected and for which programs depends entirely on how many other students also apply for the same programs.

The university on the top of your list (i.e. your first priority) will yield the best chance of success for you; your other priorities will only be considered if other applicants who chose these partner universities as their first priority haven’t already been selected.

In general, English-speaking exchange programs draw a higher number of applicants than non-English-speaking programs. Famous cities and countries are also generally more popular than lesser-known destinations. Therefore, we recommend you also choose some universities which don’t necessarily come to mind, but which could also be interesting for you and match academically.

Please speak to an advisor at the International Office, and take your time to research your target universities and to write your letter of motivation.

You could possibly increase your chances if you have some leeway in choosing the time period to go abroad, since the numbers of people applying for the Spring or Fall term is not always the same. If you are flexible about the time you want to spend abroad, you should mention this in your letter of motivation.

**What happens if I don’t receive a spot at one of my selected partner universities?**

If there are vacant spots left after the first selection round, we will allocate those in a second selection round.

**What’s next?**

**Formal and binding acceptance of an exchange spot:**

If you are offered a spot in an exchange program, you will need to accept it on the application portal within four business days. The acceptance of this spot is binding. Unfortunately, every year there are applicants who initially accept a spot in a program and drop out later without going through the official cancellation process. As the selection process is finalized at this stage, the “vacant spot” cannot be given to another student. This is unfair to other applicants and will be penalized with the exclusion from all university-international study abroad programs. In addition, the International Office and their school will refuse to support alternative exchange or study abroad endeavors for these students.

**State programs:** Since we have to nominate our candidates for some state programs very early, we might have to inform successful applicants earlier than other students.

After you accepted an exchange spot, you can only withdraw from the exchange program in special circumstances (e.g. medical emergencies, change of degree program etc.).
Registration Process at the Partner University

A few months before the exchange begins, the International Office will nominate all selected students at their respective host university.

For a successful registration at the host university, you will need to submit a number of documents again. The host university will make the final decision whether our applicants are accepted or not. If you hand in a complete set of documents in time, there should usually not be any issues. We will inform you in due time about the necessary steps.

Website for Students Who Were Selected to Study Abroad

Once you were selected for an exchange program, you can find all the relevant information on what comes next on this website:

University of Mannheim → Academics → Going Abroad → Studying Abroad → Upon Your Successful Application

The Team of the International Office
Wishes you Good Luck for your Application!
