Alumni@Work 2.0 returns this semester in a new format: the International Alumni Night. During this informational and networking evening you will have the chance to hear first-hand experiences from various international alumni of the University of Mannheim. The speakers are alumni who came to Mannheim as international degree-seeking students and successfully established themselves in the German labor market after their graduation. They will share their experiences and talk about their transition from student to working life.

- Three 30-minute presentations
- Interesting for international students of all faculties
- Get-together with snacks and beverages afterwards!

Alumni@Work 2.0 is part of the Step by Step Program, sponsored by the German Academic Exchange Service (DAAD) and supported by ABSOLVENTUM and the City of Mannheim.

**When?**
Thursday 16 March 2017
Starting at 6:00 pm

**Where?**
Fuchs Petrolub Hall
Room O 138

Opening of the event by representatives of the city of Mannheim

**Supported by:**
ABSOLVENTUM
UNI-MANNHEIM

REGISTRATION VIA EMAIL TO Melissa Kammerer (Project Coordinator) melissa.kammerer@verwaltung.uni-mannheim.de
alumni@work 2.0 - International Alumni Night — Graduates from three faculties!

Thursday 16 March 2017
Starting at 6:00 pm

Where?
Fuchs Petrolub Hall
Room O 138

Opening of the event by representatives of the city of Mannheim

---

Iulia Cosofret finished her bachelor studies at the Academy for Economic Studies in Bucharest, Romania. She then enrolled at the University of Mannheim as a student of the Mannheim Master in Management (MMM) and obtained her degree in 2015.

While studying at the university, she did an internship at BASF SE in Ludwigshafen in the area of Risk Management. She did a second internship at PricewaterhouseCoopers (PwC) in Frankfurt in Corporate Finance.

Iulia is currently working for KPMG in Frankfurt as a Senior Associate in Financial Consulting. She is involved in projects at different financial institutions and banks in Germany on topics such as risk and regulation, setting up internal risk models or risk data aggregation.

Mohamed Ashry earned his bachelors degree in Computer Science and Engineering at the German University in Cairo. As an undergraduate student, he spent a semester abroad at the Technichal University of Munich. Upon graduation, Mohamed worked for a tourism and travel startup in Egypt.

In 2014, he started his masters degree in Business Informatics at the University of Mannheim. While a student, he worked as a research assistant at the Chair of Information Systems of Prof. Dr. Christian Becker.

Currently, Mohamed is a consultant at SAP in the area of IT Application Operations. He ensures that Enterprise Systems run efficiently and effectively. He is responsible for creating and executing maintenance plans, upgrade plans and customers' change requests.

Natalia Hamanovich earned her bachelors degree in Sociology and Business Administration at the University of Mannheim. Before starting her studies, she spent a year working as an Au-pair and improving her knowledge of the German language.

During her studies, Natalia had jobs in retail and also worked as a student assistant at the Chair of Statistics and Methodology of the University of Mannheim School of Social Sciences. She conducted interviews for the Mannheim Centre for European Social Research (MZES) as well. Natalia did internships in the areas of qualitative and quantitative methods and Enterprise Feedback Management.

Natalia is currently a junior research analyst at IPSOS GmbH, a global market research and consulting firm.
