Press Release

Mannheim, 5 March 2020

International QS Ranking: The University of Mannheim Is Germany’s Best University in Economics and Business Administration

In the worldwide comparison of the "QS World University Rankings by Subject 2020", the University of Mannheim ranked number 73 in the Social Sciences and Management category.

In the current "QS World University Ranking by Subject", the University of Mannheim has been named the second best German university in the Social Sciences and Management category. In worldwide comparison, the University of Mannheim ranked number 73 – a fantastic result.

In the Social Sciences and Management category, the University of Mannheim was evaluated in seven different areas. It was particularly successful in the areas of Accounting & Finance, Business & Management Studies, and Economics & Econometrics, where it ranked first in Germany in each case. In Politics & International Studies, the University of Mannheim ranked number 2, in Sociology number 3. In Psychology, which is assigned to the Life Sciences & Medicine category in the QS Ranking, the University of Mannheim again ranked fourth in Germany.

The “QS World University Rankings by Subject” are published every year and examine more than 1,300 universities worldwide in terms of their research reputation, the number and quality of their publications, and the reputation of graduates with employers.
